HAMAKUA ROADS.

Correspondence Showing the Difficulties of the Road Board.

HONOLULU, Hawaii, May 5, 1903.

DEAR MR. EDITOR:—Of late, in several newspapers, there appeared letters and articles commenting on the bad roads in this district of Hamakua. Various remedies were suggested for their betterment, one contributor suggesting a change in the personnel of the Road Board. It is not so long ago that two new members were appointed to the Road Board, in room of two who had resigned.

The 1902 March rain storm did very great damage to the Hamakua roads, as all residents of Hawaii know, and in rebuilding bridges and repairing road damages caused by this storm, the sum of \$35,450 was spent, and of this amount a sum of \$3,030 has yet to be paid. At this date, the Road Board is in debt to the amount of \$4,036.18, all in payrolls and bills for work done from September to December, 1902. Thus it is seen that the "Main Road Grading Appropriation Fund of \$30,000" (the only appropriation which this work could be charged against), and the 1902 Road Tax funds, were insufficient to meet all the expenses that were incurred in carrying out the necessary repairs.

For want of funds, no cantoniers have been employed on any of our roads during the months of January, February and March of this year, and as a consequence the roads are in a very bad condition. Here, I may say, that although there are several very bad mud holes along the roads, as yet no person has been drowned in one, and the report of a woman being drowned in one at Ooala is untrue. Several parts of the roads which got so bad at the beginning of this year, have been repaired by the plantations, and they will have to wait some time before they can be paid for this work.

By interviews and letters, the needs of this district have been kept continually before the notice of the Superintendent of Public Works, as the following letter from Road Board chairman to him will show, and the Superintendent's reply also shows how powerless he is to help us, however good his intentions are: Letter from A. Lidgate, Chairman Road Board, to Hon. H. E. Cooper, Superintendent of Public Works, Honolulu:

PAALO, April 22, 1903.
DEAR SIR:—At a Road Board meeting held yesterday, all of those present volunteered to write you urging that any funds made available by the Legislature in the "Emergency Fund," or from any other source, be placed at once at the disposal of this district. Our roads are still in a shocking condition. At several places on the main road there are mud holes that are dangerous. It is a common occurrence for teams to get stalled in them, and be unable to get out without assistance. The cause of this condition is the prevailing wet weather, which has lasted over six months, and the bad condition of our roads at the beginning of winter, caused by lack of funds; this in turn was a result of the March storm which exhausted all of the Road Tax reserved for repairs.

Realizing that you cannot get blood from a stone, I can only ask that you keep our very pressing needs in view, advising us of any money as soon as available. Yours very respectfully,
A. LIDGATE,
Chairman Road Board.

Letter from H. E. Cooper, Superintendent of Public Works, to A. Lidgate, Chairman Hamakua Road Board:
HONOLULU, April 28, 1903.

DEAR SIR:—Owing to the failure of the Legislature to pass the Loan Appropriation Bill, I have been compelled to discontinue much important work that was recently begun, and I am absolutely without funds to carry on any kind of work chargeable to current account, for the balance on hand in the Treasury is insufficient to meet the current demands of the Government.

I appreciate how desperately you need funds for working your roads, but I can do nothing. The Emergency Bill, which was presented to the Legislature on the third day of its session, is still unpassed, and will not pass this session. I am utterly powerless to do anything to help you. I have been unable to award the contract for the Ahualoa road on account of the failure of the Emergency Appropriation Bill. Same can be said about the change of the location of the Ooala to Kukaia road. Very respectfully,
HENRY E. COOPER,
Supt. of Public Works.

In fairness to the Road Board and others, the public should look better into matters before expressing their opinion, and if blame is to be attached to anyone, they should lay it to those to whom it is properly chargeable.

Yours respectfully,
A. J. WILLIAMSON,
Secretary Road Board.

THIRTY DIE.
Flyer Dashes Into Crowd of One Thousand People.

Detroit, Mich., May 4.—Thirty people were killed and many seriously injured at a suburban Grand Trunk station today. There was a crowd of 1000 people in the station awaiting the arrival of an excursion train, when the Flyer, the fastest train on the line, dashed through the station without any warning to the people.

Salonica SEES FIGHTS.

Germany's Interests in Africa Strengthened by the Kaiser.

Salonica, May 4.—Disorders throughout the province are growing. Skirmishes with Bulgarian troops occur daily. Many have been killed and numerous arrests and executions have occurred.

Sugar War Tax.

Newark, N. J., May 2.—A favorable decision for the American Sugar Refinery was given in the United States Court today. The sugar corporation brought suit against the Government for recovery of about \$500,000 paid under the war tax, claiming this tax to be unconstitutional. The decision of the court affects other suits pending with claims amounting to fully \$1,000,000.

Vasquez Government Falls.

Port Au Prince, Hayti, May 4.—The Vasquez government in San Domingo has fallen. The rebels control the whole country and General Wos Gil is in charge as President of the provisional government. Ex-President Jimenez, who was banished from the country, is returning, and it said he will be made President.

SPICES

Many who read this advertisement have never seen any **PURE BLACK PEPPER**. In its pure state it is a most pleasing, fragrant, pungent condiment, but the article commonly sold—a little black pepper and a lot of roasted peanut shells, cannot appeal to any one. Our **PEPPER** comes in 15c, 25c, 40c and 75c tins, and it will be a lesson to you to try a tin of it and learn how little you have known of **BLACK PEPPER**.

In future advertisements we will speak of Red Pepper, White Pepper, English Mustard, Leaf Sage, Allspice, etc. In the meantime we want to show you the goods at our store.

TALK OVER TURKEY.

The Situation May Call for Wider Conferences.

Berlin, Germany, May 3.—Emperor William and Chancellor Von Buelow have had a long conference over affairs in Macedonia and as a result it is said that a visit will be paid to Rome and conferences held both with the Emperor and the Pope. The stand of Germany in the crisis is anxiously watched by the representatives of the other powers.

Salonica, May 2.—One hundred Bulgarians have been killed in the recent riots in the city. The insurgents have secured a supply of dynamite and have used it with disastrous effect.

Sofia, May 3.—Macedonia insurgents defeated the Turks in a battle lasting two days at Logodasch. The Turks attempted to drive out the Macedonians from a stronghold, but failed and finally the rebels managed to outflank the Turks and the attacking forces retired, leaving 200 men and six officers dead on the field.

Democrats Talk Cleveland.

New York, May 3.—A conference of Democratic leaders was held today at which the course to be followed in connection with the next campaign was gone over seriously. The burden of the talk was as to the advisability of insisting upon Grover Cleveland being the candidate of the party for re-election. The situation was canvassed, it is said, and nothing definite determined, though it is reported that a conference at Princeton will follow in a short time, and it may be effective.

Frank, N. W. T.; May 4.—An immense landslide occurred today and the town is deserted by everyone except the police and government engineers.

Rome, May 4.—It is alleged that the Emperor William's visit has strengthened the relations between Germany and the Pope to the benefit of German colonization in Africa.
